

Dear Parents, Fellow Students, Alumni, and Friends of La Salle College,

Our team, CHOW Chun Hin and WONG Gabriel Chun Hei (F4G), recently took part in the Samsung 'Solve for Tomorrow' competition. We were asked to think of an environmental issue affecting Hong Kong and a way to solve it using technology. Our proposal is 'Tree of Tomorrow' 「明日之樹」 which is an economical, self-supportive air purifying system with a tree-shaped design, seeking to enhance the townscape in addition to improving the air quality of Hong Kong. Please look for the secondary section 「明日之樹」, watch our video, and vote for us online:

<http://support-hk.samsung.com/solvefortomorrow/en/gallery.html>

We are now among the top 20 finalists in the secondary section and we need your vote to become one of the top 5 finalists. The champion team will be able to win \$250,000.00 worth of computing equipment for their school. By voting, you will also automatically enter a lucky draw and have a chance to win a Samsung GALAXY Note 8.0 LTE.

Please support and vote for us and our school. Every vote is treasured and we would like to extend this invitation to your family and your friends as well.

With sincere thanks,

CHOW Chun Hin and WONG Gabriel Chun Hei

- Below is a guide to the voting process for your reference

Go to <http://support-hk.samsung.com/solvefortomorrow/en/gallery.html>

To vote:

1. Enter the website, select "Public Voting"
2. Select "Secondary Students Gallery"
3. Select "明日之樹" (by Chow Chun Hin / Gabriel Wong)
4. Select "Vote"
5. Login with Facebook or Enter your personal information
6. Select "Submit"
7. Make sure "Your vote has been counted"

Thank you!
