

<i>Candidate 1:</i>	<i>Mr. CHIANG Chi Kin Stephen</i>
---------------------	-----------------------------------

### **Self-Introduction of Candidate**

I graduated from LSPS in 1981. I am also an old boy of LSC (86). I qualified as a Solicitor of the High Court of Hong Kong after having obtained an LL.B (Hons.) Degree from University of Wolverhampton, UK. Since then, I have been a corporate finance lawyer for almost 20 years.

My son is in F.2 this year, and I have been a member of the Standing Committee of the LSCPTA since the school year of 2016/2017. This year, I have been re-elected to the Committee, and continue to serve as the Honorary Secretary.

Over the last year, I have participated proactively in all the activities and events of the Committee and have gained a solid understanding of the workings of the PTA. My experience has led me to believe that active participation in the management of the School is the most efficient way of bringing about better communications between parents and the School, and with this in mind I stand for election to be the Parent Manager.

### **Objectives and Aspirations of the Candidate**

As an old boy and a parent, there is no doubt that my greatest and only interest is in the well-being of the School. During my tenure as a LSCPTA Standing Committee member over the last year, I have been working closely with the School, and have come to believe that the management of the School in its current state is second to none, in that I am totally convinced that every decision the School has made, or contemplating making, was made with the utmost interest of its students in mind. I believe the management of such a well-regarded school requires day-in and day-out, hands-on hard work with a long-term vision.

I am not a proponent of making any radical change to the School. When it comes to bringing about changes for the better, I am a strong believer of communication and collaboration. In fact, my inspiration is to try to progressively and effectively amalgamate into the current management a wider parents' view together with the general society's expectation of modern education, in order to ensure that the management of the School remains highly relevant when navigating the turbulent times ahead of us.

I understand that being able to become a part of this excellent management team of the School is not only an honour, it is an obligation. With your support, I am willing to fulfill this obligation.
